# THE COVENANT VISION

**EDITOR:** *Pastor Frank W. Dowsett. J.P.*

In presenting this magazine, it is not our intention just to indiscriminately add to the number of Christian journals already available. Our only purpose is to present the Word of God in its fulness as we feel God has revealed it to us, in order that the God of our fathers Abraham, Isaac and Jacob may be glorified.

**It is our firm conviction** that we are living in the very last days prior to the appearing and return of our Great God and Saviour, the Lord Jesus Christ.

**We are also convinced** that never before in the history of our nation and people has there been such a need for the "Watchmen in Israel" to sound the alarm in order to awaken God's people to the urgent need to repent, and to return to God with all their hearts, and with all their minds, and with all their strength.

Denominational doctrines and differences are not our concern, and it is not our intention to enter into such arguments. There is not enough time left to waste it on such unproductive, and indeed, destructive, exercises. We are concerned **ONLY** with what the Word of God says and teaches.

**We proclaim** the absolute necessity for all people to accept the Lord Jesus Christ as their own personal Saviour, as the only means to Eternal Life.

**We proclaim** the absolute necessity for the Anglo-Saxon-Celtic people to recognise their identity, their inheritance, and their responsibility, as the literal descendants of God's people Israel.

**We proclaim** the absolute necessity for all who would faithfully serve God to 'receive the power from on high',

# EDITORIAL.

As you see, this first issue of The Covenant Vision for 1994 is a special one of greatly reduced size. But we decided to send it out in order to keep in touch with our readers, and in order to let you know what has happened.

Most of you will be aware that for several years our magazine has been printed and distributed by Allan and Mary Harrigan, our Nephew and Niece, from Coffs Harbour. This has been of enormous help to us, and we are greatly indebted to them for their assistance. Some months ago, our main printing equipment irretrievably broke down, and we were obliged to hire a heavy duty photo-copier with which to print our publications. Purchase of new machinery was financially quite out of the question. So the last two issues of The Covenant Vision were produced by means of photo-copying. Unfortunately, this machine was not able to perform to the requirements promised, and we were obliged to cancel the hire contract and return it to the hirers. On top of this, Allan and Mary decided that they could no longer continue to do the printing and distribution for us, and we have been now faced with the problem of finding alternative methods of production. Several quotes from commercial printers were so high that we despaired of getting the magazine out at all. Then we were introduced to a Christian printer in Sydney who agreed to print and collate the magazine, ready for placing in the envelopes, for about one third of what the other printers quoted. Whilst this was a great relief to us, it is still about three times the cost we incurred when we printed it ourselves on our own machinery. But it is by far the best deal we could find, and have now arranged for this gentleman to print all future issues. The immediate problem that arose was that in order to get the January/February issue out on time we had to have the copy in his hands by December 10, as he was closing down for holidays until late January. Unless we could do this, it meant that this issue would not be posted to you until about mid-February, only a few weeks before the next issue was due. But as there was no chance of preparing the copy by Dec. 10, we have been unable to produce our normal publication. Hence we decided to put out this special issue which we have photo-copied and compiled ourselves at home.

The financial affects of these changes has been quite substantial. Firstly we have to pay about \$300 to transport all our equipment from Coffs Harbour back to Sydney. On top of this it has cost just on \$300 to purchase and erect further storage facilities at our home. But by far the greatest additional cost has been that the cost of producing our publications in future has now increased quite substantially, and will further increase when we are obliged to re-register under the new "Print Post" arrangements beginning with our July/August issue, which will further add to our postage costs. For this reason, we have decided that we will have to be much more careful with the manner in which we have distributed the magazine to date.

Our prime motivation has always been to distribute the study of God's Word on a free-will offering basis to whoever requested it. **This policy will not change.** We are quite confident that as long as we are being faithful in our handling of God's money which comes to us from the many folk who so wonderfully support us, that the Lord will continue to supply our needs. But we are also conscious of the fact that we have a real responsibility in the manner in which we use this finance. If people do not realise that there is an extra need, then they cannot be expected to make allowances for it in the level of their support. There are quite a number of people on low fixed incomes who we know cannot afford any more than they are now giving, or in some extreme cases anything at all. Those of you in these circumstances need not worry as we will be quite willing to continue sending you the magazine for as long as you are being blessed by it. But we would like to ask you to take a good honest look at your situation before requesting special consideration. We personally know of some to whom we provide the magazine free of charge who say they cannot afford any assistance, but who yet can afford to continue to spend considerable amounts of money on their own particular pursuits without seeming to consider the responsibility of using some of this expenditure on helping toward the expenses of the ministry on which they claim so much to depend. We have received letters from others who advise that they have nothing left with which to assist us as all their tithe goes to the various activities of the church which they attend. They then tell me that they receive very little if any real teaching from their church and depend on our ministry for most of their Bible teaching, so request that we keep on providing this service for nothing so that they can keep on paying their church all their tithe to teach them nothing. Now quite frankly, this is just not a fair go. God's Word is quite explicit in its teaching that "the sower is entitled to re-

ceive the seed." We are not advocating for one moment that people discontinue supporting their own particular church if that is their desire. But we are suggesting that if you are genuinely receiving a blessing from this ministry that it would not be out of order to seriously consider the responsibility to share in the costs involved in maintaining it. We constantly receive requests regarding the annual subscription rate applicable, and whilst we still prefer to operate on a free-will offering basis, for the sake of those who wish to have a firm figure, we suggest an amount of \$15 per year within Australia, with overseas rates of A\$20 for seacmail, and A\$25 for Economy Airmail annually. The assistance of our overseas readers is especially requested, as 25% of the numbers we post go overseas, and this 25% accounts for at least 67% of our total postage costs as these are not subject to any postal discounts. In future we are going to have to be more strict on the number of free copies we sent out. Our policy to date has been to send out two free copies after which, should we not receive any reply, we usually send another issue just in case. But from now on, if we do not receive a reply from the second free issue sent, no further issues will be sent. For our regular subscribers, the date on which their current subscription runs out is shown in brackets after their name on the envelope, thus (8/94), meaning August 1994. A (C) after the name means that the magazine is sent as a complimentary copy. Those who support us on a regular basis with their tithes will have a (P) for permanent after their name. This will also apply to those organisations with which we have an agreed exchange agreement.

We regret that there are a growing number of folk who have written to us and to whom we have not yet replied. Please be patient. All these recent upsets have placed quite a strain on my health, and I am now unable to spend as much time as I would like on writing letters, or even carrying out the ever increasing work involved in our ministry. But I intend to at least try to correct this position as far as possible over the Christmas break, and hope to reply to you as soon as possible in the new year.

To all of you who have so faithfully supported us during the past year, both financially and with your prayers and encouragement, we sincerely thank you. We do occasionally receive quite offensive letters from those who become offended by teachings which are contrary to their previously held church or denominational teachings, but that goes with the territory. By far the great majority of letters and

phone calls are most encouraging, and it really blesses us to know that we are being used of the Lord to instruct so many folk in the knowledge of His Word, and of His wonderful plans for this poor old world of ours. We would also pass on our thanks to all of you who so lovingly sent us Greeting Cards for the recent festive season. Please accept this as our personal thanks to you all as I'm sure you will realise that it was quite beyond us to reply personally to you all.

Finally, as we now enter another new year, we do so with great expectations of further events leading up to the return of our Lord Jesus Christ. 1993 was a year of major events in the fulfilment of prophecy, and the pattern of events now set in motion will become even more quickly apparent to those who put their full trust in God, and who continue to uphold the faith once delivered to the saints. Remember, the Lord promised that "the wise will understand". Jesus Himself told us that He tells us these things before they happen so that when they do occur, we will know that His word is true. So as we see all these things coming to pass just as foretold in His Word, let us lift up our heads, and look up, for our redemption is most certainly drawing nigh. We pray that the Lord God of Israel will continue to bless, guide, and protect each and every one of you as these last days draw toward their inevitable conclusion.

# AUSTRALIANS!

## WAKE UP OR SUFFER!

Bendigo Vic 3550  
(December, 1993)

An Australian who spends some six months a year in Germany has lifted the lid on the reality of the New World Order and some truths which are not readily available in this country.

He says, what concerns me, and probably many others, is we have screeds of information now about the New World Order and we can see the changes taking place in our society ... but we have little or no knowledge of how we can sabotage these idiots determined to destroy our country and our "white European culture" ... even now, writing about our "White European Culture" I notice how it seems to have a certain "racist" quality about wanting to preserve it ...? Or do we only get to preserve other cultures?

The following will hopefully help to bring Australians up to date with events in Europe.

The European Parliament (Government) in Brussels [read Babylon. The new parliament building is 'nick' named the Tower of Babylon.], although it has major powers and control over everyday life in each member country is NOT voted into power by the people(s) of Europe but by committees set up by the various member states ... it also cannot be voted "OUT" by the people of Europe ... the European Parliament has NO opposition party ... by definition that makes it a dictatorship.

In its very short but powerful history the European "non-democratic" government has introduced a "plan" economy into Europe, after the style of the ex-USSR ... a small difference being, instead of being expected to pro-

duce 'up' to a planned amount of a product within a certain period of time ... in this new system each member country is only allowed to produce a fixed amount of product within each year, e.g. farmers in each country are only allowed to produce so many fixed tons of wheat, fishermen only allowed to fish fixed amounts of fish ... where the product is not sufficient to allow the producer to earn a decent living the "central" Government pays compensation.

So farmers in Europe are sitting at home watching half their fields lie empty. On those "empty" fields they are allowed to grow only a few certain non-edible crops, e.g. crops that can be used to produce oil or mulch!!

There are strict controls over food production ... any farmer found to be producing more than is allowed must plough that product back into the ground. This has gone so far that during our travels my wife and I have noticed that fruit trees that used to grow "wild" along European country roads ... have been quietly removed.

Sweetcorn, popped, and put into sacks or plastic bags has been found to be a very efficient and ecologically 'safe' product for using as insulation in ceilings to protect against the cold of European winters ... even though corn was originally on the "list of exceptions" for the farmers (crops that may be grown by farmers on fields that are normally to be left unsown and outside of the planned foodstuffs) this "extra-curricular" growing of the sweetcorn was banned this year by the EC Government.

When asked by the German farmers "Why ban it?" the official answer given by EC officials on TV was, "In an emergency the popped corn in the insulation sacks could be eaten"??? ...

*It amazed me that nobody asked the question - "What emergency are they talking about AND more importantly - WHY SHOULDN'T WE HAVE FOOD IN AN EMERGENCY?"*

The "official languages" of the EC are now English and French although German is the most common language in Europe (80 million Germans). Switzerland, Austria, and most European countries learn German not English or French. So during the negotiations with the old DDR (East Germany) that brought both Germany's to-

gether, both German sides were forced to negotiate with each other in **FRENCH**, using interpreters!!! The EC had forbidden the German negotiators to speak their own language!!

The Institute for human behavioural studies in Berlin has predicted that within the next few years the Russians will be issued passports and Russians will start to travel ... they predict some 50 million will not return home to mother Russia!! Germany is currently taking in 1 million so-called refugees a year. Hamburg alone (the size of Brisbane) took in more people (so-called refugees) this year than did the whole of Great Britain - the populace of Germany is getting extremely edgy about it, because the country is bulging at the edges with over population.

Last week I was in Paris and was truck by the large number of black Africans. Going to Paris at least three times a year it appeared the numbers of blacks had doubled in this last year.

### "old bucketing trick"

My wife and I live 6 months a year in Hamburg and my German wife, very concerned about the increasing amount of foreigners and increasing crime (up 300% this year) etc. in Germany, decided to get involved in local Hamburg elections that took place about three months ago - three times during that election while hanging out party posters she was physically and viciously attacked by groups of Turkish youths, one of her group, a pensioner, was left beaten and bleeding, her party, the DVU (Deutsche Volks Union) a right wing democratic party was given good chances of gaining a large number of seats in these elections, then suddenly, because of huge disturbances caused by foreigners (promised double citizenship by the Red/Greenies) her party was dubbed Nazis by the (controlled) Press, refused all equal TV and Press time and subsequently failed totally at the polls ...???

At this time the ruling party in Germany is the CDU/CSU (Christian Democratic Party, Germany & Christian Socialist Union, Bavarian) of Chancellor Kohl, the left wing SPD is the opposition. Next year the parties in Germany are already talking of "a great coalition". That

means all 3 major parties may combine to run Germany - some democracy!!!

Despite Germany's constitution which absolutely forbids German troops to operate outside a defence of German homelands, (one demand put on Germany by the allies in 1945) bi-partisan government decisions in Germany have now put German troops into Somalia and Cambodia - "Peace Keeping operations"???

I keep quoting German conditions because it is the major power in Europe and secondly I know first hand what is "going down" there ... Up until this year I considered Germany to be the world's strongest democracy.

### Parallel to Australia

This year in Germany, Immigration has been subject to major public discussion - **EVEN THOUGH GERMANY IS ALREADY EUROPE'S SECOND MOST POPULATED COUNTRY.** In Hamburg plans have already been drawn up for a Chinatown to be built in the city although there are only a few hundred Chinese living there - so Germans started asking "Why a Chinatown"?

The official answer was, "Germans will have to get used to being a multicultural society and **ANYWAY** Australia will be taking in large numbers of Chinese/Asian immigrants to open up and settle the Northern Territories".

The question was asked: "What contingency plans Australia has for handling large groups of Chinese refugees - but, why ask the government??"

1. They lie.
2. Do they have anything to say in the matter?

Better to ask the German or U.S. Governments ... maybe we'd learn more!!!

It looks like our contingency plans are - "let 'em all in"!

Do we have a PLAN "B"???

# LETTERS TO THE EDITOR

From Mrs. N. Johnson  
England

"Dear Brother Dowsett,

Our loving greetings to you and your dear wife in the Name of The Lord Jesus Christ. How we continually praise The Lord for the Name of Jesus, for in His Name is invested all the fullness and Majesty and Power of God. Hallelujah.

It is remarkable the way The Lord speaks to us through every way possible and yet so many miss these vital factors as though they are of no significance. What a privileged people we are who by the grace of God have had our eyes opened to these things. Surely the Coming of The Lord draweth nigh.

We also praise The Lord for truth and vision of the calling out of His ecclesia, for the intense, deep significant and hidden work that He is doing still in the lives of those He is still perfecting, those who are able to say, *"not as though I had already attained, but I press toward the mark for the prize of the High Calling of God in Christ Jesus"*. God Himself calling and drawing His elect into the secret place; and in the secret place of hearts, the hidden place, He works His own work so silently and yet so beautifully, dealing with individuals. Never does He allow any other teacher than Himself, never does He allow anyone else to know what He is doing and cleansing each individual of. So unique is His training school; there isn't anything anywhere to compare with it. And with the great grace that is afforded each one of us, so our spirits are trained in the touching of other lives.

*"If any man have not the Spirit of Christ,  
he is none of His."*

The Lord continue to bless you and your work."

# The Old and the New.

by F. W. Dowsett.

In Ecclesiastes 1:9 we read these words;

*"The thing that hath been, it is that which shall be; and that which is done is that which shall be done: and there is no new thing under the sun."*

In Genesis chapter 11 we read the account of the building of the Tower of Babel, and when we examine the circumstances which existed at that time, we come to a very interesting and thought provoking conclusion. Let us itemise the various conditions which operated at that time.

1. *"The whole earth was of one language and one speech."* (v's 1).

Now whilst it is quite possible that this is meant to convey that all the people spoke the same language, I feel quite certain that this is not the prime intent of the statement, if indeed it is meant in this sense at all. What is here portrayed is the whole of the people being in complete and common agreement both of purpose and belief. To express the situation in modern terminology, they were governed by common treaties, trade pacts, economic practices and laws.

2. *"They dwelt in the land of Shinar."* (v's 2).

Shinar is the old name for Babylonia, or Babylon. Thus the geographical commencement and headquarters of this system was Babylon, after which the entire system was subsequently known. In the Book of the Revelation it is referred to as "Babylon the Great."

3. *"And they said one to another, Go to, let us make brick, and burn them throughly, and they had brick for stone, and slime had they for mortar."* (v's 3).

Now there are two ways in which bricks can be 'burnt'. One is by direct exposure to the sun, and the other is by the man-made method of kiln-drying. The Hebrew words used here refer to the latter method, that is, they were dried by man-made methods. Nothing could give greater significance to the fact that the system which they built was man-made, and not of God, as would have been signified if the bricks had been dried with God's sunlight. The slime they used for mortar was what we now refer to as bitumen, which is so tenacious that detachment or separation from it is almost impossible. Thus the intent of the 'building' was that it should never be demolished.

4. *"And they said, . . . let us build us a city and a tower, whose top may reach unto heaven." (V's 4).*

The literal translation of the phrase '*whose top may reach unto heaven*' is '*and its top with the heavens*', i.e., with the Zodiac depicted on it. Here we have the setting up of a religious system of worship which was not so much an attack upon the true worship of God, but a very subtle substitution of false doctrine for the Truth of God. Here was deception in the full sense of the word. And when we realise that the meaning of the name 'Satan' is 'the deceiver', then we have no trouble in recognising the real source of what was happening.

Here we have a deliberate attempt to destroy the worship and understanding of the glory and ministry of Jehovah/Jesus by the substitution of pagan Babylonian beliefs.

What all too many Christians do not seem to be aware of is that the Zodiac is not originally a pagan system or form of worship. It is first mentioned in Job 38:31-32;

*"Canst thou bind the sweet influences of  
Pleiades, or loose the bands of Orion?  
Canst thou bring forth Mazzaroth in his sea-  
son? Or canst thou guide Arcturus with his  
sons?"*

The word 'Mazzaroth' used here simply means 'the twelve signs of the Zodiac', whilst the word 'Arcturus' means 'the greater sheepfold'. The present science (?) of astrology is no more than the continuation of the ancient Babylonian corruption of the original meaning of the stars as expressed in the true and original meaning of the signs of the Zodiac. These signs express the entire ministry, past, present and future, of our Lord Jesus Christ, and perfectly fulfil the statement of Psalm 19:1;

*"The heavens declare the glory of God; and the firmament sheweth His handywork."*

The enemy can destroy every Christian, every Bible, every piece of Christian literature in the world, so that the very remembrance of God appears to have been wiped from the face of the earth, but His complete story and the majesty of His infinite love and mercy, together with His plans and purposes for this earth can never be removed from the facts declared in the stars. God has sealed His purposes in the very heavens, and nothing that man can do will ever alter it.

5. *"And let us make us a name, lest we be scattered abroad upon the face of the whole earth."* (v's 4).

The intent of 'making themselves a name' was to make themselves completely independent of God. As we read these verses, two things become apparent. Firstly, that the overall purpose of the entire exercise was to mould the people into one conglomerate unit so as to prevent them from becoming scattered or independent. Secondly, there was absolutely nothing in anything that they did or planned that included, or had any reference to, the One True God!

And when the Lord saw all this, He said; *"And now nothing will be restrained from them, which they have imagined to do."* (v's 6)

Now what was it that had been set up so long ago, and which God saw and recognised for what it was?

It was nothing more, and nothing less, than the establishment of a ONE WORLD ORDER!

God was so disgusted and angry with it that He completely destroyed it.

Does all this have a ring of familiarity about it? Well it should, because what is happening in the world today is a deliberate attempt to re-establish this very same system, but under the name of the NEW WORLD ORDER! The powers behind the scenes, directed by the very same Satan that directed the formation of the Old World Order, are so confident and blatant about the success of their plans that they haven't even tried to disguise the name by which they call what they are doing.

If we examine the plans of the purveyors of our present One World Government and New World Order system which they are doing their level best to impose upon the people, we find that what they are planning is exactly what the powers behind the first One World Order were doing. Nothing has changed. *"That which has been done is that which shall be done."* When Solomon wrote that *'there is nothing new under the sun'*, you can believe it.

But there is one other thing that happened in the past which will happen again. Anyone who thinks that God is going to react differently today to what He did all those thousands of years ago, is really living in fairyland. God knew then, as He knows now, that unless He does something drastic, there will be no restraining people from doing anything that their hearts desire.

He stepped in and destroyed their plans then, and He is just about to again step into history, this time personally, in order to destroy their plans again. We who look for His coming need have no fear of what the future might hold. The cry of the King is still among us, and the promise is still as true as the day when the Lord made it, ***"When the enemy will come in like a flood, the Lord will raise up an ensign against him."*** □

# THE ORACLE HAS SPOKEN!

By J.C.T. Visser

And Paul travelled East. On the wings of a Galah he travelled to Delphi and consulted the Oracle.

He addressed the Priestess of Apollo .....

*"Hear me O Priestess most high; I have come from the South-land to bring a message to the gods and receive their blessings as proof of her pains and suffering.*

*I and my friends Gough, Malcolm and Bob, have dug a grave, large and deep to bury Australia and I shall raise a new nation, carrying new colours and I shall name her 'Australasian'."*

The altar was glowing and the burnt-offering prepared ..... the smoke curled to heaven ..... The gods spoke through the Oracle.

*"Earthling, the bandages you carried are but the wrappings of Treason and Deceit ..... Australia is seriously ill ..... her body riddled with the cancer of Marxist-socialism, her bloodstream poisoned by the aids of Fabianism ..... her skin covered with the puss of humanism.*

*Australia shall go back to her FAITH of old and recover from her illness. She shall carry her Colours proudly as before and she shall grow in strength and stature larger than before.*

*The empty grave shall be filled with them who dug the hole and all their proselytes .....*

*Man from the South-land, go back to where you came from and prepare to receive your just reward."*

# THE COMING PERSECUTION OF CHRISTIANS!

Courtesy "Different News"  
Canada  
(Nov./Dec., 1993)

*"I hope very much that others who will be tempted to join cults ... will be deterred by the horrible scenes they have seen over the past seven weeks."* President Bill Clinton (April 19, 1993).

Operation Waco was about gun control, but it was also about silencing "crazy religious nuts" called "dangerous religious cultists". Another purpose of the Waco siege was to make all small and independent churches who believe in the return of the Lord Jesus Christ suspect and questionable. (That is, *"only large, mainline churches can be trusted. The rest are 'sects' or 'cults'."*)

In the wake of the 2/27 **BATF** attack on the Branch Davidians, the Establishment press has begun to define for us how to recognize dangerous religious cultists:-

"They have a pre-occupation with Jesus Christ (and especially his Second Coming); with Bible prophecy and the year 2000; with Jerusalem; with Bible studies; they are often home schoolers; they believe in spanking their children (now called "child abuse"); they believe in survival food, self-sufficiency, and guns."

**In short, the new emerging definition of a "dangerous religious cultist" includes millions of Christians, traditionalists and Constitutionalists.** And it should be remembered that the New World Order/New Age crowd, the homosexuals, the environmentalists, the pro-abortion crowd, the women libers, the mainline media, the secular humanists, and the occult (in short, the people who dominate the American government, media, and educational system today) are all very hostile to fundamental evangelical Christians and their beliefs.

The words "cult" and "sect" (connoting evil) were used continuously by the media throughout the Waco siege to prejudice still further the minds of the public. "Cult" is

by "new" definition a religion the government and Establishment don't approve of. This could be the beginning of an effort to increasingly turn the minds of the public against anyone who holds deep religious convictions. **President Clinton has warned people everywhere to stay out of small religious groups.** The insinuation is that only big mainstream churches (which, by the way, can be controlled through dis-allowance of tax write-offs and other forms of intimidation) can be trusted.

In Russia, Romania and elsewhere in the East block, there was the above ground church which was spiritually neutral, collaborated with the government and was infiltrated and controlled by the **KGB**. Then there was the smaller, underground, persecuted church of true followers of God.

It seems to this writer that something similar is emerging in the United States in the 1990's. Over the next three to five to seven years thousands of small home churches are likely to emerge where people can quietly practice their faith without being called "child abusers", "homophobes", and "dangerous cultists". The model of the underground church in Romania should be closely studied by those who are concerned about this trend.

It should be noted that in the first century, followers of Christ throughout the Roman Empire were known as a dangerous "*sect*" that was "*everywhere spoken against* (Acts 28:22) and believed to be spreading "*superstitions and ideas that were against the best interests of the state*". Today as the state increasingly expands its claim to "*Godhood*," history could be about to repeat itself. Bible believers would do well to pay attention to the emerging danger signals.

**"Life's greatest tragedy is to lose God  
and never miss him."**

which can only come through the infilling, baptism, and ministry of the Holy Spirit within us.

**We proclaim** the absolute necessity for our nation to return to full obedience to the Law of God as the only way by which we can receive the full blessings of God.

**We proclaim** the absolute necessity for each and every individual Christian to prepare themselves for the greatest event yet to be witnessed on this earth, namely,

### **THE RETURN OF OUR LORD JESUS CHRIST.**

Whilst the production, publication and distribution of this magazine is undertaken as a faith ministry, it is totally dependant on the tithes and offerings of our readers. We are happy to continue sending it freely to all who genuinely wish to receive it but cannot afford to contribute in any way. But in order to be faithful stewards of the offerings sent to us, at the end of each year we will be obliged to remove the name from our mailing list of anyone who has not contributed or contacted us within the past year. The financial assistance and prayers of those who read it, and are blessed by it, are therefore vitally necessary for its continuance and growth.

We also invite our readers to send us the names and addresses of any whom they think would be genuinely interested in receiving a sample copy. In this way you can share in the proclamation of the Gospel of the Kingdom, that the name of our Lord Jesus Christ may be glorified.

It is our fervent prayer that you will be blessed and lifted to higher planes of joy and blessing as you study and learn of the wonders of God's Word, and of His boundless and merciful love for each of us.

With our Christian love,

O LORD, who may abide in Thy tent?  
Who may dwell on Thy holy hill?

He who walks with integrity,  
and works righteousness,  
And speaks truth in his heart.

He does not slander with his tongue,  
Nor does evil to his neighbour,  
Nor takes up a reproach against his friend;

In whose eyes a reprobate is despised,  
But who honors those who fear the LORD;  
He swears to his own hurt,  
and does not change;

He does not put out his money at interest,  
Nor does he take a bribe against the innocent.  
He who does these things will never be shaken.
